71 Reactivity of hair cystine in microemulsion media
P. Erra, C. Solans, N. Azemar, J. L. Parra, D. Touraud and M. Clausse

81 Structure/activity relationships in contact allergy
D. A. Basketter and D. W. Roberts

Review

91 Molecular basis of photocontact allergy
R. U. Pendlington and M. D. Barratt

NUMBER 3

v **Point of View**
A. J. Jouhar

Original Scientific Papers

105 Screening tests for free radical scavengers on cutaneous cultured cells
M. S. Noel-Hudson, M. Cornelis, A. Lindenbaum and J. Wepierre

115 Sensitivity to perfumes and preservatives in patients with contact dermatitis
H. Kintziou, G. Papaiounnou and M. Rallis

121 Studies of factors affecting light scattering by individual human hair fibres
H. K. Bustard and R. W. Smith

Provisional Communication

135 Efficiency and usability of silicone surfactants in emulsions
J. Smid-Korbar, J. Kristl and M. Stare

140 **Announcement**

NUMBER 4

Original Scientific Papers

141 HPLC determination of thioglycolic acid and other aliphatic thiols in cosmetic formulations using ethacrynic acid as precolumn derivatization reagent
V. Cavrini, V. Andrisano, R. Gatti and G. Scapini

153 Methods for assessment of cutaneous ageing
R. Marks

165 Ethics of human testing
D. Salter

175 Direct contact membrane method for evaluating preservative efficacy in solid cosmetics
A. T. Tran, A. D. Hitchins and S. W. Collier

NUMBER 5

Original Scientific Papers

185 Transparent formulations of a liposoluble sunscreen agent in an aqueous medium
F. Comelles, J. L. Parra, C. Ferrando, J. Caelles and J. Sanchez

197 The skin microflora and the formation of human axillary odour
P. J. Rennie, D. B. Gower, K. T. Holland, A. I. Mallet and W. J. Watkins

209 Studies on the interaction of p-phenylene diamine with phospholipids
V. Misra, V. Gupta and P. N. Viswanathan

217 Emulsification by the phase inversion temperature method: the role of self-bodying agents and the influence of oil polarity
Th. Förster, F. Schambil and H. Tesmann

NUMBER 6

Original Scientific Papers

229 Measurement of beard hair removal efficacy using image analysis
M. M. Breuer, C. S. Ackerman, S. Pozzi and R. Sneath

243 Influence of hazelnut oil phospholipids on the skin moisturizing effect of a cosmetic emulsion
P. Masson, F. Merot and J. Bardot

253 A new methodology for testing chemicals and drugs on cell activity
A. Maftah, J. M. Petit, P. LePrat, M. H. Ratinaud and R. Julien

265 Dowicil 200 Stability test: chemical and microbiological studies
A. Semenzato, C. A. Benassi, G. Rossi, A. Bettero, M. Lucchiari and R. Cerini

Provisional Communication

273 Treatment of irritant contact dermatitis in workmen with perfluoropolymethylisopropyl ether (Fomblin HC)
G. Pantini, R. Forestieri, F. Brunetta and P. L. Bencini

280 **Indexes for Volume 12**
